### Upcoming Meeting Announcement

The monthly Northside Coin Club meeting will be held on Tuesday September 11<sup>th</sup>, 2018 at 7 PM (doors open at 6:30) at the **Cross of Christ Lutheran Church** in Broomfield, see our web site [www.northsidecoinclub.org](http://www.northsidecoinclub.org) for directions. The church is located on the corner of Lowell Blvd and 121<sup>st</sup> Place.

### Other Announcements

**RAFFLE PRIZE** – This month's Raffle Prizes (A) TBD. (B) 1948 Washington Quarter graded MS-64 by NGC. (Prize offered depends on level of attendance, 12 or more in attendance will mean the A prize)

**PROGRAM** – “The Story of the Transition to the Small Cent” by club member John B.

**SNACKS** – No one has volunteered to bring snacks in September.

If you would like to bring snacks, just sign up on the attendance sheet for the month you would like to bring them.

No one has signed up yet to bring snacks for any other future meetings.

**COIN of the MONTH** – Token or Medal. Bring a nice, no problems coin, which you, as a collector, would like to have.

[The “Coin of the Month” works as follows. Bring one coin, of the type described as the featured coin of the month, preferably in a 2x2 or flip. If you bring a coin, you will get a ticket in the drawing and your coin goes into the pot. We then draw one ticket and the winner gets the entire pot of coins that were featured.

**SHOW and TELL** – Bring some interesting item from your collection that you would like to show the members and give a quick (1 minute) talk on.

**ANA NEWS** – The ANA donated \$55,000 to the Anti-Counterfeiting Educational Foundation (ACEF), an organization that received contributions to fund the work of the Industry Council for Tangible Assets' Anti-Counterfeiting Task Force (ACTF). ACTF's mission is to mobilize law enforcement to protect the integrity of U.S. coinage by educating officials about the growing threat that counterfeit circulating, collectible and bullion coins pose to the collecting community and the public and moving them to act.

**UPCOMING PROGRAMS** – Dave F. on Counterfeits. How coins are distributed from the mint to you.

**PRESENTER RAFFLE PRIZE** – 1885-O Morgan Dollar graded MS63 by PCGS. The prize winner will be drawn at the January 2019 meeting. Bob C. presented at the January 2018 meeting, Terry K in February, Michael S and Mark H in March. Dave G. in June, John D'A. in August.

**Minutes, Notes, and Happenings of last months' meeting**

Last month's meeting was held on Tuesday , August 14<sup>th</sup> 2018. We had 15 members in attendance along with one guest, Randy Greaves. Randy collects US coins including Lincoln cents, Buffalo nickels, Standing Liberty quarters, and Walking Liberty halves. Randy heard about the club thru Sec. Mark H.

The meeting was called to order by President Bob C. at 7:05.

There were no magazines or papers available this month.

Bob reviewed past Coin Shows. The Greely show had a good number of dealers but crowds were small.

Bob then reviewed his News Items.

Bob then reviewed the Raffle, Door Prize, and Coin of the Month.

A motion was made and seconded to approve the minutes that were in the Newsletter.

A motion was made and seconded to approve the Treasurers reports. We currently have \$2839.20 in the club account. (Remember that any adult member may see the complete Treasurer's report by simply requesting to view it at the meeting.)

Bob C. had an interesting item from his work with Tebo Coin in Boulder. Tebo got offered a collection in Dansco albums and when they began looking at them noticed that the Dansco Coin albums had a mixture of different types of coin pages and nothing was labeled. Bob said to beware of Dansco albums you may buy used at coin stores to be sure they have the correct page types for the title of the book. Also organize your collection and label things in case a relative has to dispose of your collection.

**Old Business**

No old business.

**New Business**

No new business.

**Last Months' Show and Tell Recap**

**Dave Wi.** – Was in Nebraska and picked up some new P mint coins. He also went into a shop in Scottsbluff and acquired a "Wooden" bill, similar to a Wooden Nickel.

**Dave F.** – Had acquired an Alien token that was overstruck on a Montana State Quarter. He also acquired, at an Estate Sale near his home, a block of wood that had an images, engraved in metal, of the Obverse and Reverse of a Clark Gruber \$5 attached to it. It appeared to be some sort of printer's block possibly used in the publishing of a book? Dave was going to do more research on it.

**Bob C.** – Had an 1852 3-cent silver piece in PCGS MS63 he recently added to his collection. He also had some Star Trek 1oz gold pressed Latinum bars like the Ferengi used on the Deep Space Nine show, and a John Luc Picard silver proof coin.

### Prize Winners

Coin of the Month: Washington "State" Quarter. The pot of 4 coins was won by Mike K.

Door Prize: A 1985-D Kennedy Half graded AU58 by PCGS, was won by Pam G.

Raffle Prize: A raw 1922 Peace Dollar graded MS63, was won by Dave Wi.

Youth Door Prize: No prize was given out this month.

*Thanks again to Ron Z. for donating prizes that are specifically to be given to Junior members.*

### Program

The program was a "Coins of Japan" by club member John D'A. John covered Japanese coinage from before 600 CE to modern coinage. Early coins were cast and had square holes so they could be placed on square wooden dowels to have their casting sprues filed off.

### Requests

If you would like to write an article on a coin subject that interests you, and you think other members would be interested in that subject also, send it to your Secretary and it can be published in the Coin Chatter.

**The NSCC needs programs!** If you have a program idea or know of someone who can do a program at an upcoming NSCC meeting, contact the NSCC President or Secretary.

## Northside Coin Club Meeting September 11th, 2018

### News Items

1. **Proof 70 Grades are Elusive for Set Coins**, September 17, 2018 by Coin World. **Story Summary:** Most Silver Reverse Proof coins are being graded Proof 69. One buyer was willing to pay \$1,500 Aug 17 on eBay under a Buy it Now option for a 2018-S Block Island National Wildlife Refuge silver quarter dollar graded Proof 70 by PCGS. Graders at PCGS, NGC and ANACS report encountering scrapes, spotting, streaking and other damage to coins of all denominations in the sets. The prevalence of damage is resulting in the grading services being less generous in awarding the lofty Proof 70 grade that collectors covet, and that grade has been even more elusive from one firm than from the others.

**Complete Story:** Digital version of Coin World magazine – no web link available.

2. **How quickly will the Proof American Eagle palladium coins sell?**, August 24, 2018 by Coin World. **Story Summary:** Maximum authorization set at 15,000 coins, with household limit of one on Sept. 6. When the Proof 2018-W American Eagle 1-ounce palladium coin goes on sale by the U.S. Mint beginning at noon Eastern Time Sept. 6, the big question could be how quickly it sells out, if it sells out. The Proof version of last year's bullion coin — which was the first palladium coin ever issued by the United States — will be limited to an edition of 15,000 pieces. A household limit of one coin is being imposed.

3. **What might you find for coins inside a parking meter?** September 7, 2018 by Bob Carr. On Thursday, Sep 6, someone from the office that manages the parking meters in Boulder came into Tebo Coins and asked if we would sort through and buy foreign coins and tokens their office had accumulated over time. We said yes and they brought numerous boxes filled with hundreds of pounds of coins, tokens, and so much more. Employees didn't know they existed until they were found while getting ready to relocate their office. After moving the boxes to their new location, they decided they didn't want to continue to store them so they brought them to the store to sell. I will organize the list of what was inside those boxes for our meeting and tell you what has been found in Boulder parking meters over the years. Canadian coins were found the most, but that is just the beginning of a long list of stuff.

## Interesting Coin Facts

The United States has minted coins at eight different mints since the first coins were minted in 1793. The largest number of mints working to produce coins in any one year was 5. From 1854 to 1861 coins were being minted at the Philadelphia mint, the San Francisco mint (S), the Dahlonega mint (D), the Charlotte mint (C), and the New Orleans mint (O).
