Minutes, Notes, and Happenings of last months' meeting

Last month's meeting was held on Tuesday , September 11th 2018. We had 23 members in attendance along with two guests, Lyle Macdonald, who collects coins from pocket change, and Mark Trubowitz, who is member Pam G. husband.

The meeting was called to order by President Bob C. at 7:02.

There were a couple of magazines available this month to borrow.

Bob reviewed past Coin Shows. The ANA show was held in Philadelphia and Dave We. attended. Dave said that the attendance was over 10,000. The Jeffco show was also held and was a typical Jeffco show.

Bob then reviewed his News Items.

Bob also related a story of how he had purchased 50 of the Reverse Proof sets with a partner and had sent them in to PCGS and NGC as individual coins. They were hoping to get coins back graded 70. They got some at 70's and most were 69's. Bob is now selling them on Ebay.

Bob then reviewed the Raffle, Door Prize, and Coin of the Month.

A motion was made and seconded to approve the minutes that were in the Newsletter.

A motion was made and seconded to approve the Treasurers reports. We currently have \$2838.20 in the club account. (Remember that any adult member may see the complete Treasurer's report by simply requesting to view it at the meeting.)

Last Months' Show and Tell Recap

Terry K. – Had a 1933 Indonesia coin that he thought was valuable due to an error in the Krause book. The book stated 1933 had 2 varieties, one which was valuable. Terry thought his coin was the valuable variety but it turns out that the 1932 coin is the one with 2 varieties, and the 1933 coin is like the valuable variety of 1932.

Dave We. – Had first shot at some new coins Rick Snow had just acquired at the Summer ANA. Picked up a nice RED one graded MS64. Also picked up a Liberty Dollar. These were basically silver rounds but looked similar to US coins. These were created by Bernard von NotHaus. He, and others involved with him, were charged with federal crimes for making coins similar to US coins.

Bob C. – Had a silver 1000 Yen commemorative coin with a Turtle on it. Also had a 1965 SMS Kennedy Half graded MS67 Cameo by NGC.

Prize Winners

Coin of the Month: Token or Medal. The pot of 4 items was won by Dave F.

Door Prize: A George Washington Carver Silver Commemorative 50 cent piece, was won by Dave G.

Raffle Prize: A 1943 Walking Liberty Half graded AU58 by PCGS, was won by Pam G.

Youth Door Prize: No prize was given out this month.

Thanks again to Ron Z. for donating prizes that are specifically to be given to Junior members.

Program

The program was a “The Story of the Transition to the Small Cent” by club member John B. John’s presentation began with coins in 1856 when the US decided to go away from the Large copper cents and begin producing smaller cents initially made from Copper-Nickel. He talked about the Flying Eagle cents and then the new Indian Head cents, showing the various types that were produced and presented nice examples from his own collection including some patterns. He continued on through the Lincoln cents mentioning the 1943 Steel cents and the transition to the Memorial cents and finally the copper plated zinc cents.

Interesting Coin Facts

The Lincoln cent has had 7 different major reverses since first being minted in 1909. The original Wheat Ears reverse was used from 1909 until 1958. In 1959 the Memorial reverse was first used, commemorating the 150 anniversary of Lincoln's birth. It was used through 2008. In 2009, four different reverses were used to commemorate the bicentennial of Lincoln's birth. These four reverses depicted various times in Lincoln's life. In 2010 the current, Shield, reverse began to be used.
