### **Minutes, Notes, and Happenings of last months' meeting**

Last month's meeting was held on Tuesday August 13<sup>th</sup>, 2019. We had 12 members in attendance. We also had a member join NSCC, Sandra/Sandy K. Sandy had attended one of our meetings in the past and decided to join. She has inherited a collection and wants to learn more.

We also had one guest, Roger who has been collecting since the 70's.

The meeting was called to order by President Bob C. at 7:04.

There were a couple of Numismatist magazines and some Coin Worlds available to take or borrow.

Bob discussed his news items listed in the Newsletter.

Bob then related the story of a recent robbery at Tebo Coin in Boulder. It was caught on video. Thief smashed the front door glass and entered the building. Had a cigarette in his mouth the whole time. Smashed the glass of a display case and took about 15 slabbed coins, mostly modern high grade coins. Next day the thief came back with the coins, that had been removed from the slabs and tried to sell them back to Tebo.

The owner recognized the thief from the video and was able to call police while pretending to do the paperwork to buy the coins. Cops showed up and arrested the thief.

Bob mentioned the Greeley Coin show had taken place since the last meeting but no club members indicated that they had attended.

Bob then reviewed the Raffle, Door Prize, and Coin of the Month.

A motion was made and seconded to approve the minutes that were in the Newsletter.

A motion was made and seconded to approve the Treasurers reports. We currently have \$2981.99 in the club account. (Remember that any adult member may see the complete Treasurer's report by simply requesting to view it at the meeting.)

### **Old Business**

No old business.

### **New Business**

### **Last Months' Show and Tell Recap**

John D'A. – Found a Dansco Type Set album for Japanese coins from 1870 to 1970.

New member Sandra K. – brought in a 1914-D Lincoln cent, that was one of the coins in the collection she had inherited, that she had taken to ANACS to be graded. It came back VF25.

Bob C. – Bought in a Dan Carr overstrike coin. It was a 1913 Buffalo nickel overstruck on a Connecticut State Quarter.

### **Prize Winners**

Coin of the Month: Washington Quarter (National Park), the pot of 5 coins was won by Jim F.

Door Prize: A 1987-D Jefferson Nickel graded MS66 by NGC, was won by Jim F.

Raffle Prize: A 1964 Proof Set, was won by Jim F. (For the Sweep!)

Youth Door Prize: No prize was given out this month.

Thanks again to Ron Z. for donating prizes that are specifically to be given to Junior members.

### Program

The program was “Selling Coins (and almost anything else) on eBay” by club member Bob C. Bob said that a person could sell up to 50 items per month for free (no listing fee) then 35 cents/item after that if you don’t open a “Store”. Bob then talked about various “Store” pricing options. Bob also talked about the various fees. You pay a “Final Value Fee” for each item sold. That is equal to 10% of the final selling price. If you use PayPal there is a 2.8% (of the selling price) fee plus 30 cents for each item. You also need to factor in Coin supplies (2x2, flips, etc.), Postage, and Insurance if value is more than \$50. Bob uses a PO Box for all transactions so he has that cost. One good thing is that eBay deals with all the sales tax issues. If you have never sold on eBay, Bob is a great resource for help.

2. **Monday Morning Brief for Aug. 26, 2019: More quarters?**, August 26, 2019. **Story Summary:** The America the Beautiful quarter dollar program ends in 2021 with a coin for Alabama. Mint and congressional officials are discussing whether to introduce new programs as a replacement. A lot of collectors want a static design instead. The deadline to announce plans for a second America the Beautiful program is past, so the second option would seem most likely. However, Ryder and the Mint have their own ideas of what to do: a 10-year program with four quarter dollars, issued one per year for the years 2022 through 2025, to bear reverse designs depicting animals; the 2026 Semiquincentennial coin; and starting in 2027, another four quarter dollars, one annually, to bear designs representing youth sports. A 10th quarter dollar would reflect either the animals or youth sports theme.

3. **Mint to release collector cards**, August 19, 2019, Coin World. **Story Summary:** The U.S. Mint will begin issuing its first series of collector cards for distribution to attract new collectors to the numismatic hobby. The first six-card deck will separately feature the Lincoln cent, Jefferson 5-cent coin, Washington quarter dollar, Women AirForce Service Pilots congressional gold medal, Peter the Eagle, and from the Mint's Might Minters Series, Eli the Fox. The back of each card contains information about the subject illustrated on the face of each respective card. The quarter dollar card will be produced on thicker cardstock than the other five cards. The quarter dollar card will contain a hole beveled on the front side to accommodate insertion of a coin that can be viewed both obverse and reverse. A coin is not included.

The Mint will distribute the cards through several channels as part of its suite of education materials:

- Requests for educational materials from the public, and distribution during Mint education events.
- Denver Mint tour.
- Philadelphia Mint tour.
- Mint's Sales and Marketing Team distribution at shows/conventions.

The Mint plans an initial run of 8,050 card decks for the first series, with additional publication possible before additional cards are added for subsequent series, for future outreach. The U.S. Mint plans to have card

decks available for distribution at the American Numismatic Association World's Fair of Money Aug. 13 to 17 in Rosemont, Illinois.

## Interesting Coin Facts

Until 1908 all copper coins were minted in the Philadelphia mint. The San Francisco mint was the first mint other than Philadelphia to produce a copper coin when it minted the 1908-S Indian Head Cent. The Denver mint became the next mint to produce copper coins in 1911 with the Lincoln Cent.
